

An Open Letter of Affirmation from the Churches in the Philippines

November 30, 2006

We, the brothers serving in and representing the churches in the Philippines, are in one accord in making the following declaration and stand:

1. We have been raised up and nourished with the words of the faith through the ministry of the age conveyed to us through our brothers Watchman Nee and Witness Lee;
2. We have faithfully followed and desire to closely follow the teachings and pattern of our dear brothers who have brought us the vision of this age as the ministry of the age, and intend to continue steadfastly in the teaching and fellowship of the apostles without any deviation from the central lane of God's New Testament economy;
3. We reject the accusation made by some dissenting brothers that the local churches which are closely following the New Testament ministry that has produced and raised up the local churches throughout the earth are "ministry churches"; rather, we strongly affirm that we are all genuine local churches expressing the unique Body of Christ;
4. We reject the accusation made by some dissenting brothers that there is organizational control in the Lord's recovery; we strongly testify that there has been no organizational control of the churches in the Philippines from any outside source, but rather we are part of the organic Body of Christ enjoying the circulation and fellowship of the His universal Body;
5. We attest that the blending co-workers in the Lord's recovery, who constitute the present leadership in the recovery and through whom God speaks and leads the churches according to the apostles' teaching, are faithfully standing on the shoulders of brothers Watchman Nee and Witness Lee without any deviation;
6. We affirm and treasure the seven annual feasts in the recovery, based on the fellowship of Brother Lee, as gatherings through which the Lord speaks to the churches, and give ourselves to take the way of blending to experience the reality of the Body of Christ and build up His Body;
7. We join the call and warning made by the leading co-workers in the Body to quarantine Brother Titus Chu and certain of his workers for their divisive works and different teachings which have also been disseminated in the Philippines by certain ones who now, due to the inoculation from the ministry and the nourishment in the Body, have repented of their divisive ways and have given themselves for the building up of His Body.

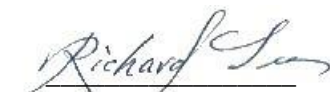

May the Lord continue to strengthen and purify His recovery for the building up of His Body and shame the enemy for his divisive words and works.

Standing for His recovery,

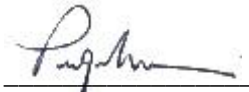

Representing the churches in Metro-Manila
